

Keep important material within safe zone

Include a layer above your design layers with any instructions
for building your design (what's editable, carousels, etc.)

FRONT

**5.5" x 8.5" 4-PAGE BOOKLET
plus 1/8" bleed (each page 5.75" x 8.75" total)**

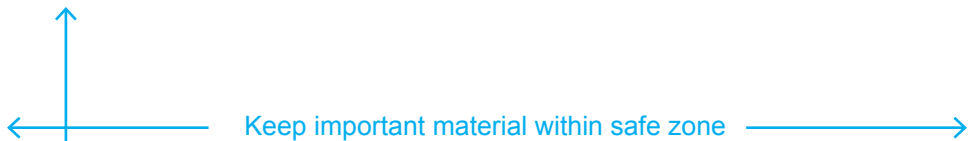

Keep important material within safe zone

A diagram showing a white rectangular area enclosed by a thick red border. A horizontal blue double-headed arrow spans the width of the white area, with the text 'Keep important material within safe zone' centered above it. A vertical blue double-headed arrow spans the height of the white area, positioned on the left side.

Include a layer above your design layers with any instructions for building your design (what's editable, carousels, etc.)

INSIDE LEFT

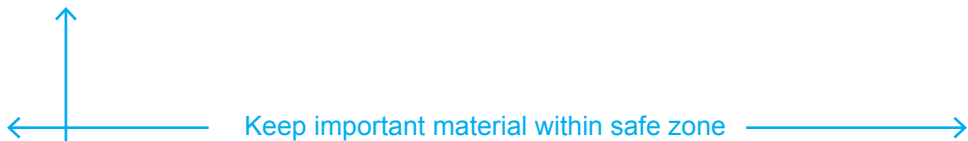

Keep important material within safe zone

A diagram showing a white rectangular area enclosed by a thick red border. A horizontal blue double-headed arrow spans the width of the white area, with the text 'Keep important material within safe zone' centered above it. A vertical blue double-headed arrow spans the height of the white area, positioned on the left side.

Include a layer above your design layers with any instructions for building your design (what's editable, carousels, etc.)

INSIDE RIGHT

Keep important material within safe zone

Include a layer above your design layers with any instructions for building your design (what's editable, carousels, etc.)

BACK

Allow enough room somewhere in the design for the user info. It doesn't matter where, but just allow enough text room for long names, web addresses, etc.
